To the HPM Community:

The racist killings that took place on March 16th in three Atlanta-area spas are evidence of the violent and reprehensible bigotry that so many in our community face. One such event is tragic, but this kind of violence is only too familiar; these murders are only the most recent such incident in a long history of hate and hurt for individuals who identify as Asian, Asian American, and/or of Pacific Islander heritage. Moreover, it is a repugnant reflection of bloodshed and bigotry faced by so many community members, including individuals who identify as Black, Hispanic, Native American, LGBTQ+, or with other underrepresented groups.

We of the HPM Diversity, Equity, & Inclusion Committee are grieving, saddened, and angry in the wake of Tuesday’s violence. We condemn it in the strongest terms. We stand in full support and solidarity with all members of our community, especially those who feel fearful, unsupported, or unwelcome. We are with you.
