JOB OPPORTUNITIES

- **NIH Division of Statistical Analysis and Reporting**
  - The National Institutes of Health (NIH) Division of Statistical Analysis and Reporting (DSAR), located in the Immediate Office of the Director, Office of Extramural Research (OER), has a job announcement for a Supervisory Health Science Policy Analyst with expertise in statistical analysis. A full description follows. The position is posted on the USAJobs website.
  - Deadline on Friday, **February 27, 2014**
  - Visit [http://www.usajobs.opm.gov](http://www.usajobs.opm.gov) and search for vacancy announcement #NIH-OD-MP-15-1320875 (Open to Status Applicants) and/or #NIH-OD-DE-15-1320874 (Open to U.S. Citizens).

- **PROFESSOR/ASSOCIATE PROFESSOR OF PUBLIC HEALTH (STATISTICS), The University of Newcastle, Australia**
  - This is an exciting opportunity for an outstanding individual to provide vision and leadership for the Public Health (Statistics) discipline, working with clinical, public health and health service researchers and leading an independent program of research. Fostering a dynamic, productive and globally competitive research environment through research collaborations, the generation of external grant income and increasing the research profile, and promoting excellence in teaching and learning through appropriate curriculum development and delivery are key requirements of the role.
  - CLOSING DATE: **20 March 2015**
