To Register for classes, sign into OPUS using your User ID and password.

Faculty, Staff, Current Student, or Applicant? Obtain Network ID and Password.

Trouble signing in?

To ensure the confidentiality and protect the integrity of sensitive information within the system, you MUST close the browser after logging out of each session.

OPUS is intended for use with Internet Explorer. OPUS will work with most commonly supported browsers. Some users have experienced page display issues using Safari 2.0.
Enable the "enroll" button to start registering for classes.

HELPFUL HINT: To make the process easier, it is recommended that you copy down the Class number for the courses you wish to take this fall. You may find these numbers on the internal Fall schedule at www.sph.emory.edu/studentservices/ADD.htm. The class number is the 4 digit number at the very left of the schedule.
Courses may be added, dropped or swapped from this screen. Enable the appropriate link for any of these processes.
Add Classes

1. Select classes to add - Enrollment Preferences

BSHE 500 - Behav Sciences/Public Health

Class Preferences

You are successfully register for BSHE 500.

If you receive any messages beside "Success" such as already registered for this class or special permission is needed to register for the course, contact your ADAP for additional advisement and assistance.

If you click on "My Class Schedule" you will see all the courses in which you are registered for Fall term.
All courses for which a student is registered will show up on the student’s opening page in OPUS. The information includes the day and time of the class and the location. If the location is not listed, refer to the Enrollment Services webpage at www.sph.emory.edu/studentservice/enrollment_services.php in the Internal Course Schedule.
To drop a course, enable the circle next to the appropriate term and enable the “Continue” button.
Check the course you would like to drop and enable “Drop Selected Classes” button.
Confirm that this is the correct class and enable the “Finish Dropping” box.
If you have successfully dropped the class, a green check will appear in the status box. If you have not successfully dropped the class, you will receive a red “X” in the status box and the course is still listed in your class schedule.

In such a case, you will need to speak with your ADAP for assistance in dropping the class.

If you drop below full-time status, there may be tuition implications as well as financial aid concerns that may slow down your progress towards degree completion.
